## INDEPENDENT AUDITOR'S REPORT

---

The Board of Directors  
**Associated Financial Services, Inc.**  
**(A wholly-owned subsidiary of RTM, Ltd.)**  
Fargo, North Dakota

We have audited the accompanying statements of financial condition of **Associated Financial Services, Inc. (a wholly-owned subsidiary of RTM, Ltd.)** as of March 31, 2007 and 2006, and the related statements of operations and comprehensive income, stockholder's equity, and cash flows for the years then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we do not express such an opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Associated Financial Services, Inc. (a wholly-owned subsidiary of RTM, Ltd.)** as of March 31, 2007 and 2006, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

We have audited the accompanying financial statements of **Associated Financial Services, Inc. (a wholly-owned subsidiary of RTM, Ltd.)** as of March 31, 2007, and have issued our report thereon dated May 23, 2007. Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**NOTE 1 - PRINCIPAL ACTIVITY AND SIGNIFICANT ACCOUNTING POLICIES**

*Nature of Business*

The Company operates one site in Fargo, North Dakota with representatives in various locations in North Dakota. The Company's primary source of revenue is providing brokerage services to its customers.

The Company operates under the provisions of Paragraph (k)(2)(I) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that Rule. Essentially, the requirements of Paragraph (k)(2)(I) provide that the Company carries no margin accounts, promptly transmits all customer funds and delivers all securities received in connection with the activities as a broker/dealer, does not otherwise hold funds or securities for, or owe money or securities to customers and effectuates all financial transactions between itself and its customers through one or more bank accounts each to be designated as "Special Account for the Exclusive Benefit of Customers."

*Security Transactions*

Commission revenue and expenses are reflected in these financial statements as of the trade date.

*Income Taxes*

The Company files its income tax returns on a consolidated basis with its parent company, RTM, Ltd. The Company's provision for income taxes is determined using the separate return method. Income taxes are paid by RTM, Ltd.

*Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

*Cash Equivalents*

The Company considers all certificates of deposit to be cash equivalents.

## NOTES TO FINANCIAL STATEMENTS

### *Commissions Receivable*

Commissions receivable result from commissions earned on sales of investments. Commissions are received monthly from the related investments.

### *Comprehensive Income*

Comprehensive income includes net income and the change in unrealized gains (losses) on investments. Cumulative net comprehensive income is reported as a component of stockholder's equity on the balance sheet.

### *Advertising*

Costs for advertising are expensed as incurred.

## NOTE 2 - SECURITIES AVAILABLE FOR SALE

The cost and approximate market value of the Company's securities as of March 31, 2007 and 2006 are as follows:

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 4 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission's uniform net capital rule (Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The rule also provides that equity capital may not be withdrawn or dividends paid if the resulting net capital ratio would exceed 10 to 1. As of March 31, 2007 and 2006, the Company's net capital ratio, net capital, and net capital requirements were as follows:

	<u>2007</u>	<u>2006</u>

Net capital	<u>\$ 33,628</u>	<u>\$ 12,979</u>
Net capital requirement	<u>\$ 5,000</u>	<u>\$ 5,000</u>

The Securities and Exchange Commission has adopted certain amendments to its Net Capital Rule requiring increased minimum net capital for brokers and dealers in securities. The Company is still subject to a \$5,000 minimum net capital requirement. The Company is also subject to the requirements that if aggregate indebtedness multiplied by 6-2/3 percent is higher, the minimum net capital would be increased to the higher amount.

### NOTE 5 - RESERVE REQUIREMENTS

The Company is exempt from Securities and Exchanges Commission Rule 15c3-3 under section (k)(2)(A) and, therefore, is not required to make the periodic computation for determination of reserve requirements and information relating to the possession and control requirements under Rule 15c3-3.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL

---

The Board of Directors  
**Associated Financial Services, Inc.**  
**(A Wholly-Owned Subsidiary of RTM, Ltd.)**  
Fargo, North Dakota

In planning and performing our audit of the financial statements and supplementary schedule of **Associated Financial Services, Inc. (a wholly-owned subsidiary of RTM, Ltd.)** for the year ended March 31, 2007, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by **Associated Financial Services, Inc. (a wholly-owned subsidiary of RTM, Ltd.)** including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computation of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons; in recordation of differences required by Rule 17a-13; and in complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of **Associated Financial Services, Inc. (a wholly-owned subsidiary of RTM, Ltd.)** is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United State of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

PEOPLE. PRINCIPLES. POSSIBILITIES.

[www.eidebailly.com](http://www.eidebailly.com)

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that **Associated Financial Services, Inc.'s (a wholly-owned subsidiary of RTM, Ltd.)** practices and procedures were adequate at March 31, 2007, to meet the SEC's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
